

WEDDING PACKAGE

Let's make wedding planning easy!

We know firsthand that planning a wedding can be... a lot. Endless options, unclear pricing, suppliers who suddenly double their rates the moment you say the word "wedding." Not exactly the vibe you're going for. That's why we've built Maniero differently.

Either you let us arrange your epic wedding weekend thanks to our awesome wedding package. Or you bring your own wedding planner who can arrange everything with our suppliers if you want something else than our package set-up.

We've carefully selected a team we genuinely love working with: a wedding planner who gets it, a caterer who makes traditional Italian food, a florist with an eye for detail, and a DJ who knows how to party. Basically, all the pieces you need for a wedding that just flows.

No guesswork. No unnecessary stress. No "wedding tax" surprises. Just a solid plan, a great team, and the space to make it completely your own. Ready to see the package?
